About the Company

From humble beginnings to **Industry Leader**, since our founding in 2008, we have evolved into the **First Choice**, offering innovation across several industries. With a long legacy in infrastructure and high-security projects, specializing in **Civil and Industrial Construction**, we provide complete solutions from concept to completion. Our expertise spans multiple sectors, delivering **Advanced Electrical** and **Illumination Systems**, **Building Management Systems (BMS)**, and **Photovoltaic Systems**, designed for efficiency, sustainability, and longevity. In the field of **Public Safety**, we lead with **Modern IP CCTV** technology, **Fire Detection & Alarm Systems**, **Access Control**, ensuring security through real-time monitoring and rapid response. Today, we are the **Key Partner** of the **Public Safety Services**, enhancing the **Nation's Security Infrastructure**. Our **Intelligent Traffic Management Solutions** combine **Advanced Signaling**, **LPR Technology**, and **Sensors** to **Optimize Urban Mobility** and **Safety**. With decades of experience, our commitment to innovation & excellence guarantees projects that exceed expectations for our clients and the community.

Mission & Vision

Mission

Empowering Business to Lead
through Excellence and
Innovation.

Vision

Transforming the Future of
Construction and IoT with
Integrated Expertise.

Our Goals

Expanding Presence in the Regional Market

Strengthening our position in the Balkans and increasing collaborations across the region.

Enhancing Technological Capabilities

Innovating by adopting advanced technologies to provide excellent and sustainable infrastructure for the future.

Sustainable Practices

Integrating sustainable and energy-efficient solutions into construction projects to reduce environmental impact and promote a green future.

Our Milestones

2014

Eurolab Internacional

Turnkey Solutions for
Electrical, Mechanical,
and Security Systems

Value: 248,000 Euro

2015

Consulcesi

Turnkey Solutions for
Construction, HVAC,
Electrical Systems, IT,
and Security

Value: 412,000 Euro

2017

**Tirana International
Airport**

New perimeter
infrastructure, including
Construction, Electrical
System, IT, and CCTV

Value: 368,000 Euro

2019

MGB Shpk

Main Contractor for
Construction and
Electrical Systems at
Tirana Golden Park

Value: 424,000 Euro

Our Milestones

2021

GIZ GmbH

Turnkey Solutions for
Construction, HVAC,
Electrical Systems, IT,
and Security
Value: 312,000 Euro

2022

Albanian State Police

Turnkey Solutions for 5
Traffic monitoring
centers in various cities.
Value: 650,000 Euro

2023

Ministry of Finance

Turnkey Solutions for the
Fier Vocational School
Value: 350,000 Euro

2024

Kamëz Municipality

Intelligent CCTV
Monitoring and Traffic
Management System
Value: 352,000 Euro

Our Services

Civil and Industrial Constructions: Turnkey Solutions including Construction, Mechanical, Electrical, and IT Systems.

Electrical, Lighting & Photovoltaic: Design and implementation of complete Electrical systems, advanced Lighting solutions, and Photovoltaic Panels.

Traffic Management: Design & Installation of Intelligent Traffic Lights, Sensors & CCTV to monitor & control traffic in real time.

Mechanical & Building Management Systems (BMS): HVAC, Hydraulics for large commercial and residential projects. Integrated management solutions for automated control of building systems.

IT Infrastructure: F.O & LAN Networks, Data Center, IP Telephony, Wireless Systems, Cloud, Advanced Security with intelligent IP CCTV, Fire Detection and Alarm, Access Control.

Delivered Projects

City Park Shopping Mall (2008-2014): Fiber Optic & Local Network (LAN), IP CCTV, Public Evacuation System, and centrally managed Wireless systems for recreational areas.

Hotel 1 Maji Pogradec (2008-2010): Mechanical Systems, Central Air Conditioning, Electrical System, IT System, CCTV, Central Wireless, IP Telephony, Fire Detection Systems, and Room Management.

Eurolab International Shpk (2013-2024): Fiber Optic & Local Network (LAN), UPS (Uninterruptible Power Supply), Data Center, IP CCTV, Fire Detection and Suppression Systems, Alarm Systems, IP Telephony, Access Control, and a Photovoltaic System with a 1.4 MW capacity.

MGB Shpk (2014-2019): Construction and Electrical works for Tirana Golden Park, Intelligent Paid Parking System, and CCTV systems for 680 apartments and 98 business areas.

Vodafone Albania (2014-2017): Complete security system for Vodafone's Main Data Center and Backup Center, including IP CCTV, Alarm Systems, and Public Address Communication Systems.

Delivered Projects

Consulcesi Albania (2015): Turnkey solution for a 3-story building, covering construction, Central Air Conditioning, IP CCTV, Fire Detection and Suppression & Alarm Systems, Access Control Systems, Fiber Optic installations, Local Networks (LAN), and Data Center.

Hotel Fantasy Gjirokastër (2016-2018): Turnkey solution including Construction, Mechanical Systems, Central Air Conditioning, Electrical System, IT Technology Services, IP CCTV, Central Wireless System, IP Telephony, Fire Detection System & Building Management System (BMS).

Tirana International Airport (2016-2018): Civil Construction works for the perimeter network, including Lighting, Fiber Optic, Electrical, Alarm Systems, and intelligent IP CCTV.

Kredo Finance (2017-2020): Complete security system covering Branches and HQ, including IP CCTV, Alarm System, Fire Detection, F.O. & LAN.

Albanian State Intelligence Service (2018): Intelligent IP CCTV System.

An aerial photograph showing a large-scale solar panel installation on a flat roof. Several workers in orange safety vests are visible, some standing and others kneeling, working on the panels. The panels are arranged in neat rows, and a red-tiled roof is visible in the bottom right corner.

Delivered Projects

Polytechnic University of Tirana (2018-2021): Central Air Conditioning System for the Faculty of Electrical Engineering and modern Audio & Visual Teaching Systems for five faculties.

"Zoja e Këshillit të Mirë" University and Hospital (2018-2022): Fire Detection Systems, Intelligent IP CCTV, Alarm, and Managed Parking.
FC Labëria Stadium (2019): Mechanical systems, Electrical Installation, IT Network, IP CCTV, and Central Wireless System.

Venue Residence (2020-2024): Electrical Installation for 448 apartments and business units, Intelligent Paid Parking System, and IP CCTV monitoring.

Continental Hospital of Tirana (2017-2021): Turnkey solution including Construction, Mechanical Installations, Central Air Conditioning, Electrical Installation, IT Network, IP CCTV, Wireless, IP Telephony, Fire Detection, Alarm, and Nurse Call System.

Intesa San Paolo Bank (2022): New intelligent Alarm System for all branches, with central monitoring at the main headquarters.

Delivered Projects

Albanian Police Vlora Directorate (2022-2024): Advanced Intelligent IP CCTV System for the city, integrating License Plate Recognition (LPR) Technology and Speed Radars.

Albanian Police Tirana Directorate (2022): Intelligent IP CCTV Monitoring System along the Great Ring Road, integrating License Plate Recognition (LPR) Technology and Speed Radars.

Albanian Ministry of Finance (2022): Supply and installation of furniture, Central Air Conditioning System, and kitchen equipment for the Rakip Kryeziu School dormitory in Fier.

Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH (2022): Mechanical systems in a new 10,800 m² office building, including Electrical & Lighting Installation, Parking, Access Control, Alarm, IP CCTV, and IP Telephony.

Albanian State Police (2022): Turnkey construction and systems for five Monitoring Centers in different cities, including Data Centers and Next-Generation Video Walls.

Delivered Projects

Henry Hotel & Resort Golem Durrës (2021-2023): Turnkey construction including the building, mechanical systems, Central Air Conditioning, Electrical Installation, IT Infrastructure, IP CCTV, Cloud IoT Wireless, IP Telephony, Fire Detection & Building Management System (BMS), UPS Backup, Room Access Control & Management.

Kamëz Municipality (2024): Intelligent IP CCTV Monitoring & Traffic Management System, including Vehicle & Pedestrian Traffic Light Signaling, enhanced with License Plate Recognition (LPR) Technology.

Hotel Saly Durrës (2024): Complete Turnkey solution including Construction, Mechanical Systems, Central Air Conditioning, Electrical Installation, IT Systems, IP CCTV System, Centralized Wireless, Fire Detection, and Room Access Control & Management.

Albanian Football Federation (2024): Renovation of the VIP area at Air Albania National Stadium to meet UEFA standards.

Constitutional Court of Albania (2024): Extensive renovation of a 4-story building, including the creation of a special rest area for judges.

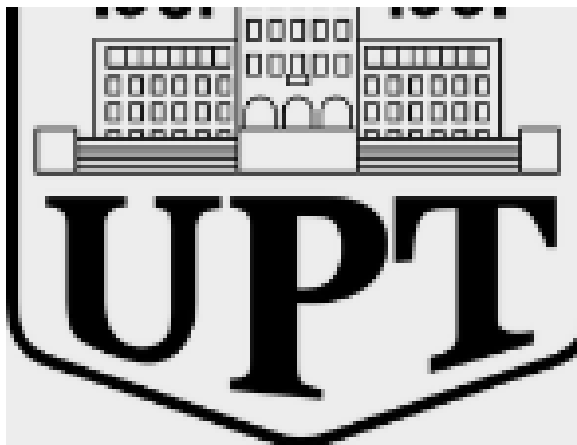

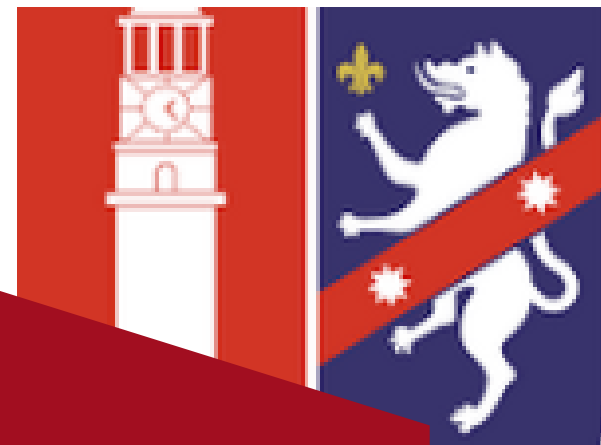

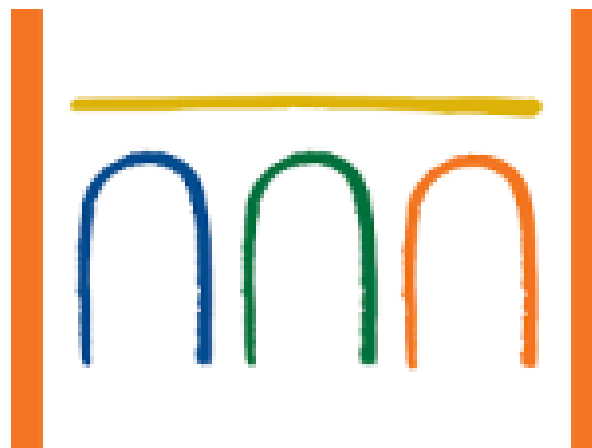

Delivered Projects

- Kastrati Group – GreeNNat Solar Park Ballsh** (2024): Civil works, Excavation, Reinforcement, Electrical Installation for Road Lighting, IP CCTV.
- Albanian Police Lezhë Directorate** (2024): Smart City IP CCTV System with LPR, enhancing public safety within 30 days.
- Albanian Police Rrëshen Directorate** (2024): IP CCTV LPR System, delivering noticeable improvements in public safety.
- Shijak Municipality** (2024): IP CCTV LPR & Speed Radar System, significantly improving Public Safety and Traffic Management.
- Kapri Shpk Durrës** (2024): 0.6 MW Photovoltaic System, reducing energy costs and emissions.
- Diplomatic Corps Directorate** (2024): Parking System, Access Control, and IP CCTV for traffic management.
- First Instance Civil Court of Tirana** (2024): Renovation, Perimeter Wall & Decorative Stone Plaza, Decorative Metal Fence, Eco Garden, Parking, Electrical Installation & Lighting.
